

## Attention Outing Participants

We are very excited about our new 007 bent grass greens that were built to USGA specs. With the grass being new, all players will be required to wear approved SPIKELESS Golf Shoes or sneakers that have a flat bottom. Golf Shoes of any kind with screw-in soft spikes or spikes of any kind will not be permitted on the course. An example of an approved golf shoe is shown below. If there are any questions regarding footwear please call the pro shop in advance of your scheduled day to play at 610.399.8898.
